

MESSAGE OF UESpT PRESIDENT PROF. FRANCO ASCANI
Member of the IOC Commission for Culture and Olympic Heritage

“SPORT FOR ALL”: HERITAGE OF HUMANITY”

Sport plays an important role in the education of the individual and has an influence in the development of a collective consciousness of tolerance and understanding among different cultures.

“Sport for All” can be the way of development for the future, because it defends and protects the real values of social sport starting from a slogan that we should follow every day such as development of sport: “Heritage of everybody. Heritage of Humanity”.

UESpT, non-profit association, works in and outside the European Union territories in an homogeneous way. Here’s the main points to which inspires the Program for 2016 – 2017:
